**Petroceltic is pleased to support The Stoyan Kambarev Art Foundation**

International oil and gas development and production company Petroceltic is pleased to announce that on Tuesday, 20 June 2017, it attended the inaugural charity ball for The Stoyan Kambarev Art Foundation. The event, which brought together some of the most prominent figures from the world of art, politics and business, was held at the Landsdowne Club in London, United Kingdom.

The mission of The Art Foundation Stoyan Kambarev, under the patronage of HRH Prince Kyril of Bulgaria, is to encourage and support young artists in the arts, music and film industries by annually awarding a prize that has established itself as the most anticipated and prestigious award of its type in Bulgaria. The foundation provides financial, professional and moral support to allow young artists to accomplish their work by producing and promoting their specific projects.

The Foundation is named after Stoyan Kambarev (1953-1998), who was recognised as one of the most iconic international theatre directors of the 1990s, a creator and a magnetic personality for whom the theatre became his way of life and *raison d'être*.

Angelo Moskov, Chairman of Petroceltic International, commented:

'We are delighted to be able to support The Stoyan Kambarev Art Foundation and its inaugural charity ball here in London. The foundation provides support and guidance to Bulgaria's most talented young artists and performers, helping to nurture talent and raise the profile of the country's vibrant art scene on the international stage. The event itself was a huge success and we look forward to supporting the foundation in its future endeavours.'

Ends.
